

go green

shopping baskets from vanguard

combining **environmental** benefits with patented Vanguard **design**

Embrace the green revolution with **nextlife** from Vanguard, our innovative new line of eco-friendly shopping baskets.

25% of each basket is made from post-consumer, recycled plastic shopping bags.

- Every one has the same quality & strength of regular Vanguard baskets
- Showcases your company's commitment to environmentally-friendly initiatives
- Encourages your customers/shoppers to recycle their plastic bags

Vanguard

less waste

nextlife Shopping Baskets are proof that plastic shopping bags (or plastic waste, in general) can be reborn to create beneficial and sustainable products. Our shopping baskets help keep plastic waste out of landfills and provide consumers with the same, if not better, shopping experience

stronger image

Our Shopping Baskets demonstrate your company's commitment to the sustainability of the environment. This, in turn, can increase customer loyalty and strengthen your image as a green corporation.

superior quality

nextlife Shopping Baskets do not compromise quality. Using our innovative design and premium raw materials (100% certified PCR resins provided by Mountain Valley Recycling), we guarantee extended durability and strength.

innovative design

Vanguard's innovative design features like Comfort Grip handles enhance the shopping experience, which leads to customers shopping longer and buying more.

going **green** can put more black in your financial statements.

nextlife baskets will encourage customers to recycle plastic bags which, in turn, can increase your company's revenue stream. Your customers will get the satisfaction of helping the environment, and you'll get a healthy return.

Contact Vanguard Plastics for more information about promoting the entire nextlife program.
